FOREWORD

The statistics included in this report were derived from an automated data system which is maintained by the Maryland State Department of Education. The information is contained in Certificated/Professional Staff Reports supplied by the counties of the State and Baltimore City. Through their efforts and cooperation in submitting accurate data, these statistical tables have been made possible.

As the table titles indicate, only school level professional personnel are included; administrators in the schools are included, but those in central offices are excluded. New staff are those who are not employed in the public school system of the same local unit at the time of the previous report.

For the most part, the reports pertain to the school year 1980-81. The personnel included in the statistics are those who were employed September, 1980; however, new staff may have been hired any time after October 1, 1979.
